Global Flexible is a subfund of Waterloo SICAV a "société d'investissement à capital variable (SICAV)", registered under Part I of the Luxembourg law on collective investment under-takings of December 17, 2010 (UCITS V).

## Investment Objective

The objective of the sub-fund is to seek medium-term and long-term capital appreciation for the investor through a flexible allocation of assets in accordance with the analyses and opinions of the Investment Manager. The sub-fund will invest its assets in a portfolio composed of equity assets, fixed income, money market instruments and/or cash, with no geographical, sectoral or monetary restriction. The weighting of a particular asset class in the sub-fund will depend on the conditions on the financial markets at the time of investment and/or the outlook of these markets. The sub-fund may invest up to 50% of its net assets into investment funds and/or other investment funds, including investment funds traded stock exchanges. The sub-fund may also invest up to 10% of its net assets in exchange traded commodities involving precious metals in without physical delivery of the underlying metal. Depending on the conditions and/or outlook offered by the financial markets, the sub-fund may hold up to 100% of its net assets in cash time deposits and cash-equivalent
