September 2026

SFDR – Article 8

IN A FEW WORDS…

Moneta Long Short is a European Long Short Equity Fund. Its objective is to outperform the composite benchmark : 40% Stoxx Europe 600 NR (dividends reinvested) + 60% €STR, with little correlation to equities over the long term and with lower volatility than the Stoxx Europe 600 NR index, over the recommended investment period. Management is carried out with long and short positions on the European equity markets.

Benchmark**: 40% Stoxx Europe 600 NR + 60% €STR

RISK AND REWARD PROFILE

LOW ① ② **③** ④ ⑤ ⑥ ⑦ HIGH

Lower risk, Lower potential return — Higher risk, Higher potential return

RECOMMENDED INVESTMENT PERIOD : **5 YEARS**

PRINCIPAL RISKS

Risk of capital loss The fund is not guaranteed or principal protected, initially invested capital may not be returned.

Discretionary management risk The fund may not always be exposed to the best performing assets. Changes in the valuation of both long and short positions may negatively impact the fund Net Asset Value.

Equity market risk Equity prices variation may negatively impact the fund Net Asset Value.

Credit and interest risk The fund may invest in bonds or negotiable debt securities, thereby exposing to credit risk. Rising interest rates may negatively impact the fund.

Sustainability risk An ESG event or condition that, if it occurs, could have a material adverse effect, actual or potential, on the value of the Fund's investments.

EQUITY & CFD PORTFOLIO STRUCTURE

Number of holdings	100
Long positions	46
Short positions	54
Rating VIDA - Portfolio	3,27 / 5
Rating VIDA - Benchmark VIDA	3,21 / 5

The VIDA benchmark does not take ESG criteria into account in its composition and weighting. The fund's management policy is to aim for an overall ESG rating above the VIDA benchmark, without seeking to maximise it.
